PART II TARIFF CONCESSIONS

Collated Set

INFORMATION

This set of pages is a consolidation of general approvals made under Part II of the Tariff in accordance with Section 8 of the Tariff Act 1988.

The approvals incorporate all those that appeared in the *Customs Edition of the New Zealand Gazette* up to and including the issue dated 27 June 2017 when this edition was ceased, and all approvals advertised on the Customs website and weekly *Customs Release* from 13 July 2017. Approvals are listed according to their considered tariff classification under Part I of the Tariff.

Approvals are effective from the first day of the month/year shown. Unless there are very special circumstances, goods imported prior to that date are not eligible for concessionary entry. Where an end date is shown, the approval will expire on the last day of the month/year.

Approvals may be withdrawn where they have been approved in error or where they are unable to be enforced by Customs.

Words used in the text of an approval are to be given their ordinary English or trade usage, as appropriate having due regard to the Tariff heading, subheading or Tariff item against which an approval is listed.
